

INTERNATIONAL FUTURE WORKSHOP IN ROTTWEIL

Be part of it! We're looking forward to meeting you!

WE ARE...

...the "Citizens Initiative for a world without atomic Threat" and a group of young people from Rottweil.

We want to improve a few things in our cities/towns ecologically and socially. We want to implement the project 'Our Cities 2030' of the UN 17 Sustainable Development Goals (Agenda 2030).

WE ARE LOOKING FOR...

...three young people aged 17-23 years from each of our twin towns Brugg (Switzerland), Imst (Austria), L'Aquila (Italy), Hyeres (France) plus from Minsk/Luninetz (Belarus) Tokio/Fukushima (Japan) and Rottweil who are willing to make a change in their cities/towns.

OUR PROGRAMME

- » **Day 1:** Arrival (we approve of an environmental-friendly journey)
- » **Day 2:** Getting to know each other and a slightly different tour through town with advice on how you can save the climate and avoid a lot of CO2 every day
- » **Days 3 to 7:** Future Workshop 'Our Cities 2030' with 3-day-workshops and worldcafé
- » **Day 8:** Presentation of the results in town
- » **Day 9:** Departure

In addition there is **leisure time** with climbing, swimming and visiting the Thyssentower.

A moderation team will support us in the future-workshop.
